## CENTENNIAL PROJECT

## PARK OPENING THIS WEEKEND

Drayton Valley Lions have plans well underway for the official Centennial Opening of the West Valley Park on Saturday, September 9th. Official opening ceremonies will take place at 7:30 p.m.

A full day's entertainment is planned by the Lions working in conjunction with the Town of Drayton Valley. Admission to all events, other than the barbecue, is free and members of the Lions Club hope residents of the town and district will turn out to enjoy the outstanding program.

The day's program starts at 1:00 p.m. with baseball, softball, horseshoes, races and a football game. Later in the afternoon a gymkhana is scheduled along with horse races, chuckwagon races and chariot races.

The barbecue will start at 5:30 p.m. and will be followed by a band concert at 7 p.m. Band music will also be featured during the barbecue. Barbecue prices are: Adults, \$1.50 and children, 75c.

A display of fireworks will start at 8:00 p.m.

Trophy winners in the Annual Women's Institute Flower Show are shown in the above photo. Front row, left to right are: Mrs. J. Vowk, winner of the Grand Aggregate Trophy presented by the W.I.; Mrs. Walter Durham, winner of the Drayton Hardware Trophy for the best gladiolia; Mrs. I. Waugh with the trophy for the best rose, won by Dr. Waugh and presented by The Bay; Mrs. E. Vowk, winner of the trophy for the best pansies, presented by Reed's Country Garden of Camrose. Standing in the back row, left to right, are Mrs. C. Dusterhoft, president of the W.I. and Mrs. L. Oscar, W.I. secretary.

## FLOWER SHOW HELD WEDNESDAY

Drayton Valley's Fifth Annual Flower Show was held in the Elk's Community Hall last Wednesday, August 30. Mr. Earl Lowe and Mrs. Charles Taylor were the judges. The 4-H Garden Club held their achievement day in conjunction with the Flower Show. Girls from the Women's Institute Girls' Club served tea.

## Dr. Brown Heads Staff At Deerhome

Alberta's Minister of Health, the Honourable Dr. J. Donovan Ross, has announced the appointment of Dr. Jack Brown as superintendent of the Deerhome Hospital at Red Deer.

Dr. Brown joins Deerhome from the Edson Health Unit which he joined in 1967. Prior to that he had served in health units at Medicine Hat and Sturgeon.

Dr. Brown was born and educated in Glasgow, Scotland, where he graduated from university with M.B. and Ch.B. degrees. After graduation he served as house doctor at Kilmarlock before going to St. Mary's Hospital in London and Leicester City Hospital at Leicester.

With the outbreak of World War II in 1939, Dr. Brown immediately went on active duty with the Ambulance Corps. In 1939 he transferred to the Royal Army Medical Corps where he served until 1945.

He is a member of the Canadian Medical Association, the American Public Health Association and the Royal Society of Health.

Deerhome Hospital is the provincially operated centre for the care of mentally defective adults. It was opened in 1958 with 355 patients drawn from other hospitals in Alberta. Today the institution cares for more than 1360 patients.

The beautiful bronze potted chrysanthemum donated by Mrs. St. Louis as a door prize was won by Mr. Ed Hines of Violet Grove.

Trophies offered were won by: The Bay trophy for the best rose, by Dr. Waugh; Drayton Valley Hardware trophy for the best glad, by Mrs. Walter Durham; Reed's Country Garden trophy for the best pansies, by Mrs. Elaine Vowk; Women's Institute trophy for grand aggregate, by Mrs. J. Vowk.

The following is a list of winners:

Class 1, Asters--L. Mayhew, Crystal Durham and Mrs. Walter Durham.

Class 2, Calendula--L. Mayhew, Mrs. Tyler, Mrs. Marie Albert.

Class 3, Carnations--Mrs. F. Cull, M.C. MacKenzie;

Class 4, Dahlia, Mrs. B. Schoen, E. Deby, C. Dusterhoft.

Class 5, Dahlia, L. Mayhew Mrs. J.R. MacKenzie, Mrs. Betty Starling.

Class 7, Gladioli--Mrs. J. Vowk, Mrs. B. Schoen, Mrs. J.R. MacKenzie.

Class 8, Gladioli, Mrs. Walter Durham, C. Dusterhoft.

Class 9, Marigold--Mrs. Marie Albert, Anne Thompson, Mrs. Arthur Durham.

Class 10, Marigold, Linda MacKenzie, Mrs. J. Vowk, C. Dusterhoft.

Class 11, Nasturtiums, Mrs. Tyler, E. Deby, Linda MacKenzie.

Class 12, Pansies, Mrs. Elaine Vowk, Mrs. McMorris, Mrs. Tyler.

Class 13, Petunia--Mrs. J. Vowk, Mrs. B. Schoen, Mrs. Roy Burrows.

Class 14, Petunia--Mrs. C. Albert, Mrs. Arlene Hay, Mrs. Tyler.

Class 15, Roses--Dr. Waugh, Mrs. B. Schoen, Mrs. W. Medd.

Class 16, Roses--Mrs. Walter Durham.

Class 17, Stocks--Dr. Waugh, Mrs. Roy Burrows, Mrs. J. Vowk;

## Custom Tractor Arrives

Specially built to travel the swampy meadow areas of the Cormie Ranch at Tomahawk is the tractor shown above that was delivered to Edmonton last week and driven from the city to Drayton Valley. The diesel-tractor was built at Junction City, Oregon, by Wolverine Manufacturing and the wagon built by Ganske Welding in Drayton Valley. Left to right in the photo are: C. G. Cowie, accountant at the Cormie Ranch; Kurt Hansen of Ganske Welding; and Mel Crory, also of the Cormie Ranch. Mr. Cowie and Mr. Crory drove the tractor here from Edmonton.

## Summary of Regular Meeting of School Board

The regular meeting of the board of the Stony Plain School Division No. 23 was held in the divisional office on Monday and Tuesday, August 14th and 15th. Present were Messrs. F.W. Maddock, E.R. Lewis, G.E. Jouan, Wm. Barth, J.W. Tyler and Mrs. M.A. Ivan, trustees, also Assistant Superintendent, Mr. F. Hanochocko and Secretary-Treasurer, A.W. Boychuk.

The meeting was called to order at 9:45 a.m. with the chairman, Mr. F.W. Maddock in the chair.

Moved by Mr. G.E. Jouan that the Donald Pike school bus route be awarded to Maur-

ice McCullagh and the bus be sold to him for \$4,500 and if necessary that he be financed on a new school bus in accordance with Board policy.

Moved by Mr. E.R. Lewis that the Raymond Meads school bus route be awarded to Philip Jungwirth, the bus be sold to him for \$7,500 and that he be financed \$4,500.

Moved by Mr. Wm. Barth that Eric Gardener's bus be purchased for \$2,000.

Moved by Mr. J.W. Tyler that the Eric Gardener school bus route be awarded to Thomas J. Ferrier and that, if necessary he be financed on a new school bus in accordance with Board Policy. Car-

## Commemoration of Voyageur Pageant

A huge rock, taken from a spot near the start of the Centennial Voyageur Canoe Pageant in Rocky Mountain House, Alberta, will be a permanent monument to the Pageant in Montreal.

The rock, decorated by a bronze plaque explaining its origin and significance, was donated by the town of Rocky Mountain House, and will be set on a concrete base on the Expo grounds.

Agrometeorologist Dan Williams, with pointer, discusses with programmer Ron Sharp an assignment they are preparing for the computer to determine crop potential of a district for which there is little or no previous weather or production information.

## Computers Determine Farm Crop Prospects

OTTAWA--Scientists can now use a computer to find out if an area is warm enough to grow a crop successfully, even if no temperature records are available and no crops have ever been grown there.

The estimation method, developed by G.D.V. Williams of the Agrometeorology Section of the Canada Department of Agriculture's Plant Research Institute, is proving to be a great boon to soil scientists engaged in classifying land

capability for ARDA. Such a method is essential for many areas, especially in the northern prairies, where stations with long periods of weather records are few and far between.

The estimation method is based on equations developed by Dr. J.W. Hopkins of the National Research Council in Ottawa and is applicable to any location on the Canadian Great Plains. In that area the temperature is affected by the

distance from the Pacific ocean as well as by the land elevation and the distance from the Arctic. The computer sorts out these various influences to determine the climate of any particular spot.

Besides calculating whether a place is warm enough to mature a crops, the method can also be used to tell how long the frost-free period is or how much it will cost to heat a house.

Class 33, Arrangement--Mrs. Roy Burrows, Mrs. Domke, Mrs. Arlene Hay.

Class 34, Arrangement--M.C. MacKenzie.

The members of the Women's Institute wish to thank all those who helped to make this a successful occasion.

## Library "Get Acquainted Week"

Drayton Valley Municipal Library Board has authorized the holding of a special "get acquainted with your library week" to be held September 11 to 15 inclusive. The library will be open from 9:30 a.m. to 4:30 p.m. every day in addition to the regular library hours.

Teachers are invited to bring their classes. There will be a display of new books.

Young Canada Book Week, held in November, will not be observed in our library this year.

"Cooking, ironing, cleaning... that's about it... cooking, ironing, cleaning..."

## Summary of Regular Meeting of School Board

Cont. from Page 1

price list for boiler compound and explained that in their service they include three injections of compound per boiler per year at no additional charge. The total estimated cost for the year was \$331.50.

Mr. Orsten was advised that the Board would consider this proposition and advise him later.

George T. Pinchbeck, who is writing a thesis at the University, came to see the Board regarding a Trustee Opinionaire that he had prepared. The trustees took a few minutes to study and answer the question-

naire.

Mr. J.R. Telford of Chemitek Ltd. came to see the Board regarding boiler service. He outlined his company's service which includes at least 4 inspections per year at no extra cost except for the charges for the Boiler compound. The Board assured Mr. Telford that his proposal would be considered and he would be advised accordingly.

Moved by Mr. F.W. Maddock that the quotation of C.C. Snowdon in the amount of \$331.50 for boiler water treatment for one year be accepted. WINTERBURN SCHOOL

Mr. E.R. Lewis reported that he has not been able to contact the Department regarding the proposed addition to the Winterburn school.

Moved by Mr. F.W. Maddock at 5:05 p.m. that the meeting adjourn until Tuesday morning.

The meeting re-assembled on Tuesday morning with all the Trustees present also newly appointed Superintendent of Schools, Mr. Henry Toews, Assistant Superintendent, Mr. Fred Hanocho and Secretary-Treasurer, A.W. Boychuk. NEW SUPERINTENDENT.

The Divisional Chairman, Mr. F.W. Maddock welcomed the newly appointed Superintendent of Schools, Mr. Henry Toews who officially commenced duties in the Stony Plain School Division on August 15th.

Moved by Mr. F.W. Maddock that the Divisional Board do not accede to the requests of the Drayton Valley R.C.S. S.D. No. 111.

### POLICY HANDBOOK

Mr. L.W. Kruger and Mr. A.F. Olson of the Principals' Association came to see the Board regarding the proposed Policy Handbook.

The Board's suggested revisions were discussed with the delegation.

The Chairman, on behalf of the Board, thanked the committee for their effort in the planning of the proposed handbook.

Moved by Mrs. M.A. Ivan that when the final draft of the proposed policy handbook is ready stencils of each page be cut by some competent printing firm.

### SUPT. REPORT

Mr. F. Hanocho, Assistant Superintendent, gave his report to the Board. His report indicated that at least 16 more teachers are required to complete the staff for the coming year.

He presented a complete tabulation of the 1967 Grade XII Examination Results.

The results as presented compared very favorably with provincial averages.

### TRANSFER OF ELEMENTARY PUPILS

Moved by Mr. F.W. Maddock that effective September 1st, 1967 part of Grade 1 and 2 in Drayton Valley be transferred to the Junior High School.

### TEXT RENTAL CHARGES

Moved by Mr. F.W. Maddock that the text rental charges in High School for the

coming year be as follows: Grade X, \$12; Grade XI, \$13 and Grade XII, \$15.

### BUS EXTENSION

Arnold Sierpinski who resides on NW 26-50-28-W4 requested a bus extension for his six year old child. This matter was referred to Mr. Wm. Barth for investigation.

O. Heyday of Drayton Valley who took over the McManus teacherage requested a new rug for the house.

Moved by Mr. J.W. Tyler that Felix Knor be instructed to lay tile in the Heyday teacherage instead of a rug.

### WABAMUN LANDSCAPING

Moved by Mr. F.W. Maddock that Mrs. M.A. Ivan be allowed to spend an additional \$200 on the landscaping in front of the Wabamun school.

### BUS OVERLOADS

Moved by Mr. J.W. Tyler that Mrs. M.A. Ivan together with the Superintendent and Secretary-Treasurer be authorized to take the necessary steps to relieve the overloading on the busses from Keephills

and Wabamun to Stony Plain. BUS EXTENSIONS

Moved by Mr. Wm. Barth that Mrs. M.A. Ivan be authorized to arrange for the necessary bus extensions at Duffield, Wabamun and Keephills.

Moved by Mr. J.W. Tyler that Mr. G.E. Jouan be authorized to arrange for the necessary bus extensions at Tomahawk.

Moved by Mr. E.R. Lewis that Mr. G.E. Jouan be authorized to arrange for the landscaping and the installation of a yard light at the Seba Beach teacherages.

Moved by Mr. F.W. Maddock that the newly appointed Superintendent of Schools, Mr. Henry Toews, be given full authority to hire teachers for the Stony Plain School Division No. 23 at his discretion.

# Don Purser Family Of Paradise Valley Farm Award Winner

Agriculture continues to be a dynamic thriving industry through the efforts of such people as the Don Purser family of Paradise Valley, deserving recipients of the Alberta Master Farm Family award in 1967.

Convinced that farming can offer the tangible and intangible rewards of life, Irene and Don Purser have combined industry, good farm planning and management to reach the goals they have set for themselves and their family.

The farming enterprise which consists of 11 quarter sections is primarily livestock orientated. Mr. Purser has used high quality sires on his beef cattle and swine herds which has allowed him to carry out a successful cross-breeding program. The progeny of these herds are used to profitably convert much of the grain and forage into top grading

beef and pork. To ensure a reliable feed supply as well as above average yields, a good weed control program, recommended fertilization and the use of newly recommended grain varieties are integral parts of the Purser farm program.

The cattle enterprise consists of a herd of 75 range cows which provide a ready supply of feeders each fall. Mr. Purser is conscious of the benefit of good cattle management and the results of this care are shown in the progeny of his herd.

To further gain from his 325 acres of cultivated grains, Mr. Purser maintains a small swine herd which he feels is complementary to the other farm enterprises as well as enabling him to make fuller use of labor.

The principle crops grown are wheat, oats and barley with the latter two making up about 75 percent of the acreage. In addition, hay is part of a continuous rotation. This not only assists in the soil management program, but also provides supplemental feed for the long winter feeding period of East Central Alberta.

Mr. Purser employs seasonal Indian workers in the fall to assist with harvesting. Because of this supply of hired labor, he has not invested heavily in some types of machinery, especially harvesting equipment. By using the available labor, Mr. Purser is able to put up adequate feed for his needs at an economical cost. While the use of the binder and threshing machine are a rarity in many districts of Alberta, Don Purser has found they meet his particular needs very satisfactorily.

Farmers are often known for their inventiveness and Mr. Purser is certainly no exception. Unique ideas and innovations appear throughout the home, farm buildings and corals which testify to the "Purser flair" for structural design and carpentry. All of these labor saving devices are down to earth examples of making day to day work easier and improving the efficiency and economy of the farm operation.

Don Purser carries out a field inspection. A good weed control program on the Purser farm, along with recommended fertilization and the use of newly recommended grain varieties, ensure a reliable feed supply and above average yields.

## THE WESTERN REVIEW

An independent weekly newspaper published every Wednesday at Drayton Valley, Alberta by The Western Review Ltd.

Member of the A.W.N.A.  
RONALD B. SMITH, Publisher

Subscription \$3.00 per year in Canada by mail. Foreign \$3.50. Single copy by carrier delivery 10¢.

"Authorized as second class mail by the Post Office Department, Ottawa, and for payment of postage in cash."

VOLUME III, NO. 37

SEPTEMBER 6, 1967

ion.

Don Purser became a full fledged farmer at the age of thirteen following the passing of his father. He and his mother, a pioneer teacher in the Paradise Valley district, took over the three quarter section farm and continued its operation. Encouraged and assisted by his mother, Mr. Purser completed his grade 12 by correspondence. During succeeding years both have contributed to all aspects of their farming community.

Mrs. Purser senior was the first teacher in the Vanesti school which opened in 1916. After a period of retirement, she again returned to the class room and was the last teacher at the same school when it closed 41 years later. In addition to her continuing interest in family and community Mrs. Purser also takes a keen interest in gardening and embroidery. A special 1967 project was a fine centennial rug.

Mr. and Mrs. Don Purser were married in 1953 and have three children, Shari 13, Neil 9, and Ross 7, all of whom are enthusiastic participants in every aspect of farm life. Through the encouragement of their parents, the children take part in the many responsibilities and activities of the farm. An example is Shari's poultry project which is intended to finance her wardrobe and Toronto Conservatory music lessons.

Active in community affairs the Pursers are involved in a large variety of organizations. Mr. Purser helped initiate and organize a district seed cleaning plant which has been of great benefit to the community. Other activities include support for the new curling rink and the Paradise Valley Lions Club as well as 4-H and Wolf Club work. Presently they are active members of the Paradise Valley Square Dance Club. Mrs. Purser is completing a term as secretary of the local United Church Womens group.

The Pursers are a young dynamic family who have combined hard work, enthusiasm for rural living and knowledge of two generations to make their family and farm truly an Alberta Master Farm Family.

## KEEPPHILLS NEWS

Mrs. G. Raymond,  
Correspondent

Rob Porter suffered a painful injury last week, while preparing his binder and changing the wheels underneath. The hoist gave way and the binder slipped down pinning him to the ground. His son, 11 year old Butch who was with him was able to lift the binder enough for his father to ease himself out from underneath it. Mr. LeGrand took him to the Stony Plain Hospital where it was discovered a collar bone was broken and he had many bruises on his chest and shoulder.

Adrain Vanderwell and his two sons Wayne and Barry, and their cousin, Orville Cole, and Stan Porter took a few days holiday and went up into the North part of the province to get in a bit of fishing and see the big Peace River Dam.

Mr. and Mrs. Roy Schweitzer and Nora Dombrosky were among the guests for an outdoor dinner last Sunday at the home of Mr. and Mrs. Rubin Rogers at Burtonsville. They renewed acquaintances with people they had not seen for a few years.

Malcom and Marie MacDougall accompanied by Mr. and Mrs. Ed MacCracken of

Stony Plain went to B.C. to pick fruit last weekend and combined it with a bit of a holiday made an enjoyable trip.

Roy and Ellen Raymond and children returned from their holidays on Monday, and are now working in their garden a few days before going into Edmonton and back to work again.

Mr. Raymond is doing some concrete work for Don Cole who is getting a water pressure system put in before the cold weather sets in. LeRoy Greanya has been helping with the project.

Ruth and Stan Pledge spent a few days here with Ruth's parents, Mr. and Mrs. R. Schweitzer.

Harry Lauder and his wife, Olive, from Washington, U.S.A. were here for a few days visit with their folks, which involved a day at the lake for brothers and sisters from Valleyview, Lamont, Duffield, and Keepphills. They left on Monday for a trip to Expo following the few days with Mr. and Mrs. W. Lauder here.

Cecil Porter had his toe hurt quite badly when a cement block bounced and hit it at the base of the nail.

Alberta's crude oil reserve constitutes the largest petroleum source in the British Commonwealth.

Checker, D. Hatton and Driver, W. Holmberg, load several hundred cases of Expo's favorite beer. Asst. brewmaster, C. Walker, and bottling supervisor, J. Reneau, are also in the photo.

## HOW THE "EAST" WAS WON,

could be the title of this story from Expo. The photo above shows another large shipment of liquid refreshment being rushed to Expo. Calgary Stock Ale, a brand of Calgary Brewing and Malting Co. Limited, outsells every out-of-province beer at Expo. In fact, the product was re-ordered the second day Expo was open, and has consistently been top preference brand ever since.

The "Beers and Ales of Canada" "menu" in the Brewers Pavilion at Expo, contains 60 labels in full colour, along with listings under 19 breweries.

Calgary Brewery Co. Limited, General Manager, A. T. (Sandy) Willett, says, "The Company can be very proud of this achievement as we are competing with 59 other brands down there and running well ahead of the competition. Stock Ale is way ahead for all provinces and our Calgary Lager is the leader in the Western Beer category". Calgary Brewery celebrated their 75th Anniversary earlier this year.

## A.A.R.N. To Resume Regular Monthly Meetings

The June meeting of the Alberta Association of registered nurses, Drayton Valley Chapter No. 33, was a supper in the Cardium Room of the Hotel then was followed by a meeting in the Nurses Residence.

The report of the AARN Convention was inspirational—it seems that the new organization of AARN is proving most effective despite our initial skeptical attitude. Following the convention report a round of discussion followed on topics such as the "nurse specialist" and trends in nursing education and nursing service. It became apparent that each registered nurse has a professional duty to remain active in

her professional association and alert to her responsibilities to the nursing profession.

Registered professional nurses, whether active or inactive are invited to attend the monthly meetings of the Drayton Valley Chapter No. 33 of the Alberta Association of Regist-

ered Nurses. The first fall meeting will be in the Lounge of the Nurses Residence on Wednesday, September 13 at 8 p.m.

If you wish to attend and would like transportation or companionship, please phone 542-4006 after 7 p.m.

## Entwistle News

Mrs. E. Oliver, Reporter

Margaret Leyden of Penticton, B.C. has spent some time in Entwistle visiting her friends. We were all glad to see you again Margaret and we hope you will come back again.

A shower was held in honor of Ann (Carnahan) Wiseman, on August 25, who was married recently. She received many beautiful presents from the large number present, for which she thanked all very much. After the opening of presents a lovely lunch was served by the hostesses.

On August 26 the Elks held another whist drive and the following were the winners: Ladies--Zella Saretsky and Patsy Saretsky; Consolation, Mrs. Messenger. Men's - Lawrence Anderson and John Oliver. The next whist drive will be announced later.

Mr. and Mrs. Hank Borg and boys of Elk Point were at the Seedhouse home on the weekend.

Mrs. Doreen Huculak and family of Edmonton spent a few days with her mother, Mrs. Bullock. The Bullocks have also had Mrs. Bullocks two sisters and their families visiting recently. Mr. and Mrs. Clarke and family from Kamloops, B.C. and Mr. and Mrs. Ing and family from Breton.

A city boy and a country lad were walking down a street. Coming toward them was a product of a beauty parlor--permanent, scarlet fingernails, drugstore complexion and gaudy lipstick. "Now, what do you think of that?" asked the city boy.

The farm boy looked carefully and observed, "Speaking as a farmer, I'd say that it must have been mighty poor soil to need so much top-dressing."

Each parcel will be offered for sale, subject to the approval of the Minister of Municipal Affairs, as to those parcels upon which any person resides, or of which any person is in actual occupation, and subject to a reserve bid and to the reservations and conditions contained in the existing certificate of title.

Terms: Cash.

Redemption may be effected by a payment of all arrears of taxes and costs at any time prior to the sale.

Dated at the Town of Drayton Valley, in the Province of Alberta, this 6th day of July, 1967.

W. G. JOHANNESON,  
Secretary-Treasurer.

(Extract from The Alberta Gazette, July 31, 1967)

Canada is headed for a big apple harvest of 24.8 million bushels this year, according to forecasts. Sandra Beckstead gathers the Ranger—an Ontario early apple developed and recently released by the Canada Department of Agriculture—on her father's farm at Dundela, Ontario.

## Girls' Groups to Resume Meetings

Activities for the new year will start on Monday, September 11th.

Brownies will be meeting on Monday, Tuesday and Thursday afternoons from 4 to 5:30. Any new Brownies wishing to join should attend the first meeting as the leaders want to get their packs formed as soon as possible.

Guides will be meeting Wednesday at 4:15 p.m. and Friday evening from 6:30 to 8.

Sister Gabriel will be the new Ranger captain this year as Mrs. Hammerlindl has taken a leave.

Helpers are urgently needed. No experience necessary so if you have a little spare time and are interested, please contact Mrs. Gwen Simpson at 542-4249 or Mrs. Rose Wickland at 542-8434.

## BERRYMOOR

Mrs. D. Martin  
Correspondent

Mr. and Mrs. Gilbert Martin Mr. and Mrs. Harry Campbell and Mr. and Mrs. Eugene Schwartz attended the wedding of Miss Darlene Petrie in Edmonton last Saturday.

Mr. and Mrs. Gordon Holmgren of Lindale are the proud parents of a baby girl, born recently in the Drayton Valley Hospital. The four Holmgren boys are pretty proud of their new sister not to mention Mother and Dad.

Blair Thatcher and Bill and Allan Gilchrist motored to Jasper Park and particularly to Miette Hot Springs recently. Judging by their reports they had a very enjoyable time.

The Berrymoor Three-B's Club met at the cemetery for their monthly meeting last Saturday. The September meeting will be held at the home of Mrs. Hattie Barrett where a quilt will be made.

Mr. V. Van De Castle has returned to his job at Pine Point.

Charles Martin was home over the past weekend.

A Tupperware Tea is to be held at the home of Mrs. Hattie Barrett on the afternoon of September 20th.

Mrs. Joyce Barrett is a patient in an Edmonton hospital. We wish her a speedy recovery.

On Thursday evening Colleen and Earl Lawson and Charlie Martin visited David Ellis in the Breton Hospital. David has been a patient there

for some time. While in Breton they also called on Mrs. Olga Lindell who is Charlie's grandmother.

Pete Malarney has moved into his house at Tomahawk.

We understand that Mr. and Mrs. Ronald Thatcher have left Williams Lake and are now living on Vancouver Island.

Charles Martin had the misfortune to injure a couple of fingers while at his job in Ed-

monton. He will be at home for awhile now.

Sylvia Gladstone and Wesley Davidson are to be married on Friday of this week. Congratulations to this young couple.

Sunday School Teacher: "What lesson do we learn from the story of Jonah and the whale?"

Pupil: "People make whales sick."

Alberta's own brand... **GOLDEN WEST**

It has the winning, mellow taste that Westerners like best!

GW is the beer that is custom-brewed for Alberta

—made right and aged right, for the honest beer taste that's always "just-right light."

You get it every time in GW —the beer that won the west.

CALGARY BREWING & MALTING CO., LIMITED

Anvil Mining Corporation has announced plans to place a large lead-zinc mine in production in the central region of the Yukon Territory. At least 75 million tons of lead-zinc ore with some silver values have been proven to date by Anvil and other companies in the general area. There are reasons to expect that the region contains well in excess of 100 million tons thus making it a major lead-zinc area not only of Canada but of the world.

## F.U.A. Tour Of Europe

The Farmers Union of Alberta announced the organization of an agricultural tour of Eastern Europe.

According to Paul Babey, president of the FUA, the tour is "to provide an opportunity for farmers to look at agriculture in the countries visited, with a view to future markets for Canadian products."

Iron Curtain countries included in the 21-day tour are East Germany, Poland and the Ukraine.

The tour will be in conjunction with an FUA charter flight to Amsterdam, leaving Edmonton November 4th by Wardair and returning November 29th.

## THE Homemakers

Mrs. Marlene  
Jubenvill  
Dist. Home  
Economist  
10426 - 81st Ave  
Edmonton  
Alberta

Last week I tried to warn you against unethical salesmen.

Unfortunately, farmers are good targets for these characters because they are often too busy to check a sale thoroughly or because they are some distance from regular retail outlets and can't comparative shop so readily (but they could phone) or because they seem to be more trusting than many urbanites.

Whatever the reasons, you may be approached with everything from pots and pans, encyclopedias and vacuum cleaners to aluminum siding, water softeners, steel buildings and houses.

The latest seems to be meat. Large ads are appearing in local papers for halves and quarters at remarkably low prices. Business is so good, you have to make an appoint-

ment just to be able to buy this meat. When you're finished, I'm told, you have meat that works out to be pretty expensive. But, it's all legal so watch yourself. Calculate the price before you buy to make sure you know what you're getting.

## Tomahawk W.A. Meeting

The August meeting of the Tomahawk Ladies Aid was held at the home of Mrs. A. Lemke with ten members present.

Thanks were extended to Mrs. W. Strocher for three koolaid jugs she donated to the church. They are much needed and we appreciate her kindness very much.

Thanks also to the following for cleaning the church: Dorothy Wedman and Kate Zutz for May; Olga and Virginia Solomon for June; Mrs. W. Strocher and Mrs. Kate Reich for July; and Mrs. Gus Reich and Mrs. Manuel Reich for August.

A letter from Mrs. Raduenz of Millowdale was read at the meeting. She was at the L.W.M.L. convention in the U.S.A. and would like to come to one of our meetings and report. Plans are being made to have her come soon.

A new rug and more flatware have been purchased for

the church. The outside of the church has been painted and we're still collecting Nabob coupons for a percolator. We're also still collecting clothes for World Relief to be sent away this fall.

Making their first trip to Florida's Cypress Gardens, from their home deep in the Everglades, two Seminole Indians stoically watched the water skiers roar up and down the lake.

"Why makum motorboat go so fast?" asked one.

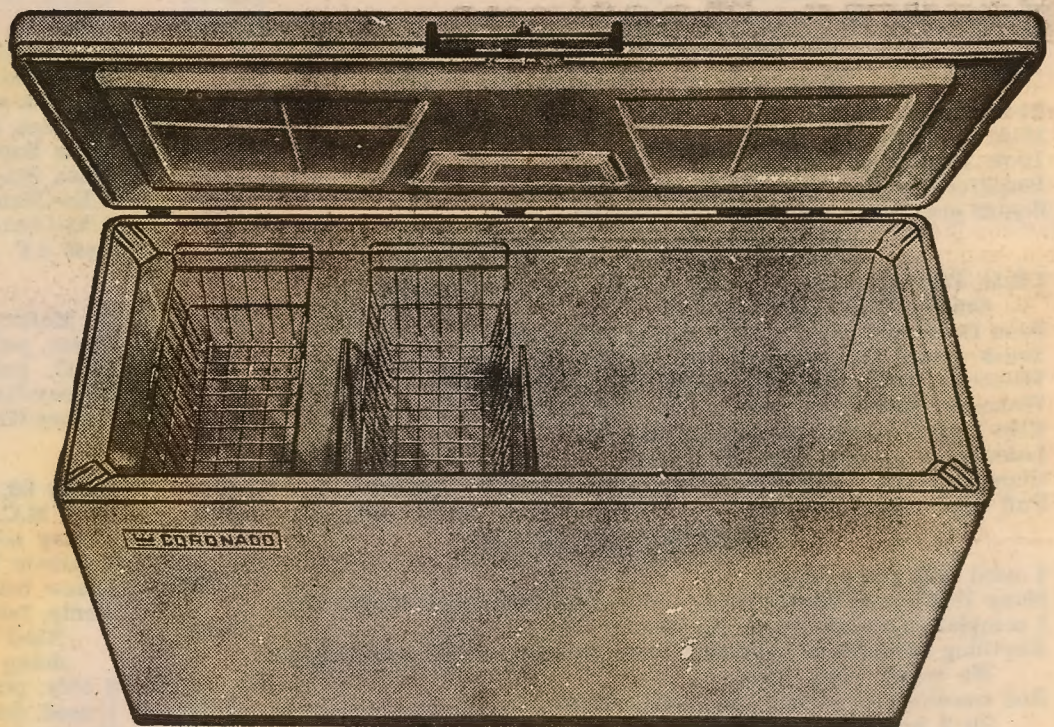

"Have to," replied the other, "Little man on string chase um."

## Garden Club Achievement Day

The Drayton Valley 4-H Garden Club held its Achievement Day in conjunction with the W.I. Flower Show last Wednesday. Work done by the girls during the year was on display and they also provided the afternoon's entertainment. Members of the club shown above are; front row, left to right, Linda Hyryk, Sherral Vowk, Marilyn Vowk, Valerie Getzinger, Beverly Guyon. Back row, left to right, Mrs. M. Jubenville, Mrs. M. MacKenzie, leader, Linda Urchyshyn, Cindy Vowk and Mrs. S. Vowk, co-leader.

## D. V. Highlights

BY MRS EDITH DEBY

Dianne and Dennis Hatton of Abbotsford, B.C., are visiting their grandparents, Mr. and Mrs. Fred Cull.

Lyn Burrows, daughter of Mr. and Mrs. Roy Burrows, will begin nurses's training in the Royal Alexandra Hospital on September 13th. Lyn is a graduate of the Frank Maddock High School.

Mr. and Mrs. Alfred Madsen, Mr. and Mrs. Elmer Madsen and family, spent a few days in Jasper and Miette.

Wedding bells will ring for Mr. Kenneth McMorris and Miss Deedee Hennessey this month. Our best wishes for a happy future are extended to this popular young couple.

Mr. and Mrs. Robert Elliott

spent part of their summer travelling in Washington, Oregon and Southern B.C. Mrs. Elliott was born in North East Oregon and lived there until she was nine years old. Consequently it is always a special pleasure to visit there.

Mrs. McGuigan (Mrs. Mac to most of us) is a patient in the local hospital. We join with Mrs. Mac's many other friends in wishing her an early and complete recovery.

Mr. and Mrs. Marcel Rocque, with sons Terry, Kim and Derry, were among the Drayton Valley residents who enjoyed holidaying at Wood's Lake, B.C. this summer.

Corinne and Marjorie Toth, of Warburg, spent the summer with their grandmother, Mrs. McGuigan.

Linda McMorris will leave us this fall for a semester in Alberta College in preparation for entrance at the University of Alberta in 1968. She will major in Physical Education. Ever since early childhood Linda has been interested in sports. For some time she conducted the Ladies Keep Fit Class. She is a charter member of the Figure Skating Club. After the first two years she was also chief instructor. Lyn Burrows was her assistant. I'm sure citizens of our town are grateful to Linda, and to Lyn, too, for the valuable contribution to our children's development.

Miss Rosa Wolters, a school principal here for some years, was visiting her brother-in-law and sister, Mr. and Mrs. Jack Coward. Miss Wolters is on holiday from her teaching position in Tabora, Tanzania.

Alison Waugh says she thoroughly enjoyed her trip to Eastern Canada this summer.

Mr. and Mrs. George Duperron have left to make their home in Vancouver.

Miss Mary Hilliker, of Edmonton and Miss Frances Otwell of Bremner were in town for the Flower Show last Wednesday.

Last week Mr. and Mrs. Harry Zolmer had as their guests Mrs. C. Conrad of Wetaskiwin and Mrs. P. Crosby of Winnipeg. Mrs. Crosby is Chief Librarian in a suburb of Winnipeg. She also acts as supervisor for another library in the same locality.

Mrs. Charles Taylor, of

## September Named Arthritis Month

To more than 1,000,000 Canadians, pain and suffering due to arthritis and the other rheumatic diseases are a daily aspect of life. Too few people are aware of the heavy toll which these diseases take in both human misery and economic waste.

September is "Arthritis Month" when Canadians from coast to coast are urged to support the work of the Canadian Arthritis and Rheumatism Society in controlling this distressing affliction.

More than 285,000 Canadians are disabled by arthritis and rheumatism; 63,000 of these are totally or severely incapacitated. Last year, more than 9,000,000 work days were lost in Canada as a result of these diseases, at a cost of \$100,000,000 in wages alone.

It is now possible to control some forms of arthritis. Many sufferers are able to live nearly normal lives.

As a result of effective and progressive research during the past few years, it has been demonstrated that such disability can be prevented in about four out of five patients. The keys are early diagnosis and use of modern treatment techniques.

This is the new hope for all who suffer from arthritis.

Arthritis research has been spearheaded by the Canadian

Evansburg, who was one of the judges at the Flower Show is well known in this area for her knowledge of and her interest in plants. This year she was convenor of the Wildwood Agricultural Fair and her services are greatly in demand for judging.

## BURTONSVILLE NEWS

Mrs. A. Homme,  
Correspondent.

Rev. and Mrs. Arthur Brown and boys, Roy and Eldon of Whitehorse, Yukon are visiting in the area renewing acquaintances. They are thrilled to see all the changes that have taken place in the past twenty years since they left the pastorage here.

Miss Norah MacDougall of Edmonton is visiting her brother, Stanley and his family who will tour Drayton Valley on Wednesday.

Mr. and Mrs. Axel Homme enjoyed a very nice dinner with Mr. and Mrs. Stanley MacDougall and Ken on Sunday. After dinner Stanley took them sight seeing over Cormie Ranch.

Eldon and Marg Greanua saw company a comin' up the road on Sunday when 30 visitors arrived during the afternoon.

Among the visitors was Rev. Bert Larwill from Regina, Saskatchewan who was a former pastor here.

Mr. and Mrs. Cecil Homme and children of Burtonsville visited Cecil's sister, Bernice Osbuk and family of St. Francis, Alberta on Sunday.

The two grandsons, Gary Smith and Ronnie Marshall who have been visiting their grandparents, Rev. and Mrs. J. D. Kennedy have returned to their respective homes at Lanerid.

Now that school days are just around the corner, the children are all keyed up and just waiting for the bell to ring.

Mr. and Mrs. Axel Homme enjoyed a short visit with Mr. and Mrs. Gordon Raymond of keephills on Tuesday.

## MOON LAKE NEWS

Donna Cherrington  
Correspondent

Les and Ann Cherrington and family were up from Calgary visiting friends and relatives for a few weeks.

Fred and Vi Cherrington made a trip to Jasper last week for a few days.

During the long weekend Helen and Alex Karvonin of Grande Prairie were visiting Helen's parents, Jean and Bill Cherrington.

We're sorry to hear Milt Jensen is in the hospital. A speedy recovery is sent out to Mr. Jensen.

Blanche and Leo Jensen spent their weekend holidaying in Jasper. Also, Thelma and Gary Cherrington and Rod Block went to Jasper for the weekend.

The monthly bingo will be held in Moon Lake Hall on September 7th.

# Horticultural Week at Olds

The third Alberta Horticultural Week, scheduled to take place at the Olds Agricultural and Vocational College from September 11th to 15th, will feature a first year judging school, an advanced judging school, a floral design school, and a growers' clinic.

Sponsored by the Alberta Horticultural Association, the Alberta Florists' Association, the Alberta Department of Agriculture, and the faculty of Agriculture and Department of Extension at the University of Alberta, Alberta's Horticultural Week will cover a wide range of topics under the four schools. The sponsors have secured the services of a dynamic complement of instructors, including speakers drawn from their own resources as well as from other parts of Canada and the State of Washington.

The first year judging school is open to anyone interested in judging fruit, vegetables, floral designs, landscaping and so on. Successful candidates will be able to take the advanced course another year. Judging certificates are issued to students who have successfully completed the advanced judging school and have helped judge at least three horticultural shows.

The growers' clinic has been designed to provide useful information to anyone operating or employed by a commercial greenhouse or nursery.

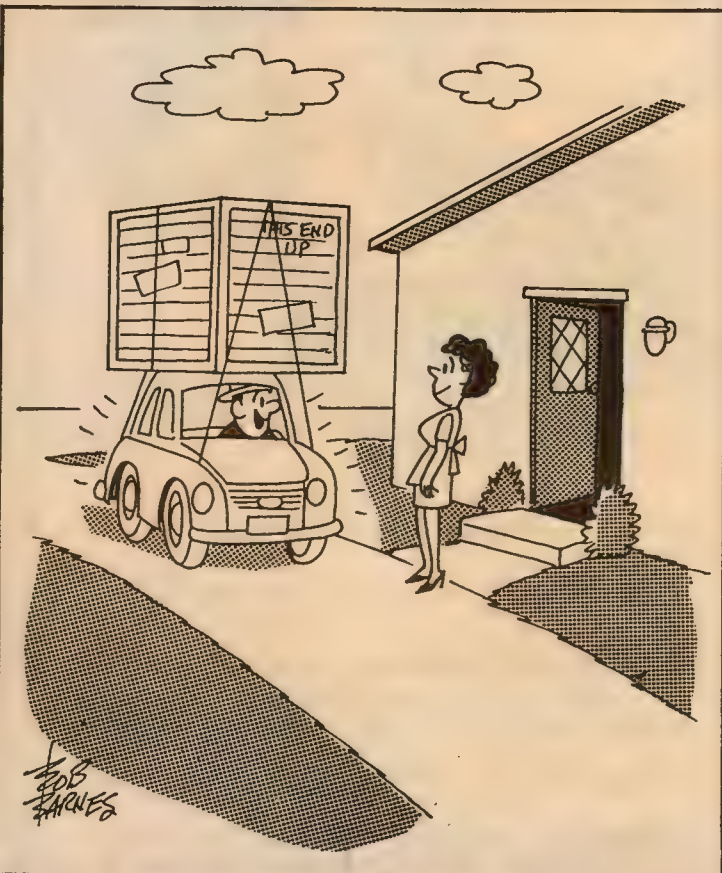

The design school offers basic training for those seeking proficiency in this field, and will feature practical experience in designing under the supervision of qualified instructors.

The Alberta Horticultural Association will hold a meeting on Tuesday evening to

complete the agenda of its annual meetings. The Alberta Nurserymen's Association are planning to hold a special session on Wednesday, which will cover such topics as the

propagation of plants, weed control and nursery management. Members of the Alberta Horticultural Association are invited to attend the Nurserymen's session.

# Market Boards Big Business

OTTAWA--There were 100 producer marketing boards and commissions operating under provincial legislation in 1965, according to a report just issued by the Canada Department of Agriculture's Economics Branch.

Total producers' receipts from the 80 reporting marketing boards were \$537 million,

a gain of \$48 million or 10 per cent over the preceding year. The proportion of the total farm cash income received from farm products sold through these agencies was about the same as the year before--14.1 per cent.

Ontario led in the value of agricultural commodities sold by marketing boards: \$418

million or 38.1 per cent of the total farm cash receipts in this province. Quebec ranked second with \$70.6 million and British Columbia third with \$26 million--13.8 and 16.2 per cent of their farm cash receipts respectively.

Fourteen new boards came into operation during the year: ten in Quebec and four in Ontario. Three plans were cancelled in Quebec. Of all the provinces, Quebec had the largest number of marketing boards (61), followed by Ontario (21).

The total number of members, at 186,000 in 1965, was down from 211,000 a year earlier. Ontario alone reported a decline of 25,000, mostly hog, dairy and wheat producers. In Nova Scotia, the membership fell close to half of what it had been in 1964. Manitoba and Quebec increased their membership. Ontario was still ahead with 134,691 members; Quebec was second with 38,015; British Columbia third with 4,113, and Nova Scotia fourth with 3,020.

For Canada as a whole in commodities handled by marketing boards, dairy products ranked first in value (\$167 million); followed by hogs (\$142.5 million); tobacco (103.4 million); potatoes and other vegetables \$37.9 million; fruits (\$26.4 million); forest and maple products (\$23.6 million).

Ontario had by far the largest quantity of agricultural commodities handled through marketing boards. They accounted for 78 per cent of the total receipts from all boards and commissions reporting in Canada; in Quebec they accounted for 13 per cent, and in British Columbia, for 5 per cent.

In Manitoba, two marketing commissions reported their first full year of operations.

The development of oil and gas fields in the past 20 years has changed Alberta from a predominantly agricultural province to a growing industrial giant.

The Athabasca oil sands in northeastern Alberta contain the world's largest known petroleum reserve, with a total estimated at 600 billion barrels of crude oil.

Judges Earl Lowe, District Agriculturist of Stony Plain and Mrs. S. Taylor of Evansburg are shown examining some of the fine glads at the W.I. Flower Show last week.

## Clean Granaries

Like combines, grain bins should be cleaned

Now is the ideal time to repair and weatherproof granaries and to treat them chemically to prevent insect pests from infesting the grain.

Before using insecticide, sweep the granary thoroughly and burn the sweepings. This will eliminate some of the potential pests.

Then spray the floor and inside walls of the granary thoroughly with a good insecticide. Concentrates of three percent malathion, .25 per cent pyrethrins and 2.5 per cent piperonyl butoxide are all recommended.

Special formulations of malathion and pyrethrins-piperonyl are available for grain treatment, but the grain may take on a chemical odor if the directions are not followed carefully.

Tough grain is much more vulnerable to infestation when stored. Insecticide treatment may be ineffective in grain that has more than 15 per cent moisture.

Keeping tough grain cool is the best way to control insects. Below 35 degrees insects develop slowly and may die.

## WHO'S NEW

## Recreation Round-Up

By  
Mike Gormley

### FOOTBALL NOTES

The Drayton Valley Packers have added a few more names to the roster during the past week and are progressing favorably in their training program under Head Coach Bill Disney and Assistant Bryan Crerar. To date a total of eighteen boys have registered with the pack. It would be ideal if we could come up with six or eight more potential players for the team. Registration will be open until the weekend. Anyone interested in this level of football is advised to sign the dotted line as soon as possible.

The Packers are playing the Edmonton Huskie Athletic Association Bantam "B" League and are slated for their first game Sunday, September 9, against the St. Albert Wranglers at the Jasper Place Sports Centre. All players must be registered prior to that opening game. Regular workouts are held at the Lions West Valley Recreation Park at 5:00 p.m. To date the team has been working out every evening, however, a schedule for the use of the Lions Park for football training purposes will be drawn up and made known to all concerned.

The High School team under coaches Paul Bradley and Tom Hutton will start work for real this week in preparation for their football season. There has been a bumper turnout to High School practices to date and with the school year under way more can be expected. Recently things look bright indeed for the future of High School football in Drayton Valley.

The Pee Wee program is under way and we have had enthusiastic response at the level. To date some forty boys have registered in this two-team community league. The teams, the Stampede and the Eskimos are under the direction of Ron Hemmingway and Rod Colbert.

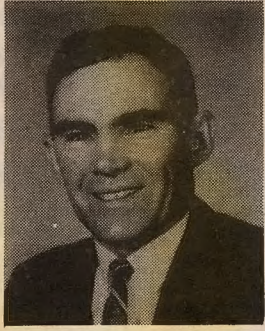

We also will have touch football at the Mite level this year. That is boys from six to ten years of age. We hope to get this group organized and in action this week if possible. Remember the deadline date for football registration is September 15. Due to the short season and the fact that the hockey program will be in full swing in November, it would not be practical for anyone concerned to accept registrations after that date.

### LIONS PARK OPENING

This Saturday will mark a milestone in the progress and the status of Recreation in Drayton Valley. The Drayton Valley Lions will officially open their new West Valley Recreation Park. The park which was developed by the Lions Club over the past four years is one of the finest community parks in Alberta and a lasting tribute to the work and dedication of a great service club.

A varied and interesting program is scheduled for the park on Saturday. All the many athletic and recreation facilities within the area will be in use at some time or another during the day.

Dunc Larbalister, District Governor for this district of Lions International will preside at the opening ceremonies. Dunc, a former resident of Drayton Valley was one of our outstanding volunteer leaders in Recreation during the years that he was with us and was instrumental in the planning

and early development of the West Valley Recreation Park.

### REGULAR SWIM SCHEDULE ENDS

The regular schedule for the 1967 season at the Drayton

Continued on Page 15

### Gun Club Meetings

The Drayton Valley Elks Gun and Rifle Club will recommence regular meetings on Monday, September 11th at 7 p.m. and each Monday thereafter.

### High School Game Saturday

A feature of Saturday's opening of the Lions West Valley Park will be a High School football game between the Frank Maddock Spartans and Camrose High School. The game starts at 2 p.m.

### COLD CAPER

Among the variations of the Scotch Reel, traditional folk dance of Scotland, is the Reel of Tulloch--a routine which originated because of human misery. According to legend, the belated minister of a Tulloch country church usually found his waiting congregation cavorting to keep warm. Their behaviour led to the development of the dance which made this village famous.

## Recreation Roundup

Continued from Page 13  
Valley Swimming Pool closed out on September 6th at 10:00 p.m. From this date until Friday, September 22, the pool will be kept in operation to accommodate swimming instruction program within the school system. This program will get under way promptly at 9 a.m. on Wednesday, September 7 and continue through to the forementioned closing date. Classes will be held on every school day from 9 a.m. until noon and from 1 p.m. until 3:30. The pool will not be open to the public during those hours. Daily public swimming is scheduled from 3:30 p.m. to 5:30 p.m. and from 7 p.m. to 9 p.m. Monday through Friday.

Saturday and Sunday schedules for public swimming will be from 1 p.m. to 5:30 p.m. and from 7 p.m. to 9 p.m. The Early Bird Swimming program was discontinued as of Monday, September 4th for the season.

It is hoped that a maximum number of persons will take part in the school swim instruction program. This program was introduced at the local pool at the beginning of the season and operated throughout the month of June. The program was highly successful with an enrollment of 428. On the basis of such enthusiasm and success the persons in charge of the program requested that the pool remain in operation and that the program be continued during the first three weeks in September. The request was granted and here

we are in the last lap of the 1967 swimming season.

There will be a change in staff at the pool for the remainder of the season. The Pool Supervisor, Sharon Phelan left on September 4th to take a well earned holiday before resuming her studies in Physical Education at the University of Alberta. Linda McMorris has left to attend Alberta College during the coming semester and Ron Pajak left us earlier to take employment in Calgary. Jane McGee will be the only member of the original staff remaining. We have obtained the services of Cathy Carlyle of Edmonton and she will serve as swimming instructor and lifeguard for the next three weeks of operation. Miss Carlyle comes to us highly recommended. She is an experienced instructor and lifeguard having served with the Edmonton Y.W.C.A. and the City of Edmonton during the past five years. Jane and Cathy will be responsible for the instruction involved in the school program as well as for most of the lifeguard duties during those final weeks.

By the way, it was a great swimming season. As of the end of August we had a seasonal total of 36,636 swimmers, a figure well above last year's total. Receipts are up considerably from last year and from here it looks like the most successful season that we ever had in the five years that the pool has been in existence. A complete report on the seasonal operation will be published after the season closes.

## Asprins Account for 25 Percent Of Poisonings in Canada

Acetylsalicylic acid, Normally referred to as aspirin, was responsible for 25% of the 23,000 poisonings reported across Canada in 1964. No other product or product group approaches aspirin as a cause of poisoning.

A special committee ap-

pointed by the Department of National Health and Welfare, was recently asked to investigate aspirin poisoning. The Committee's report is reviewed in a recent issue of the Canadian Medical Association Journal.

Over 80% of the poisonings

From the Imperial Oil Collection

On his second royally-commissioned voyage of discovery to Canada in 1535, Jacques Cartier camped at Stadacona (now Quebec City), established trade with the natives, and explored inland waters, hoping to find a passage to the orient. The Algonquin Indians at Stadacona enjoyed Cartier's lavish gifts. Because they were at war with the Iroquois at Hochelaga, they tried to dissuade him from going further up-river. They warned with oratory and ceremony that there would be so much ice and snow at Hochelaga (now Montreal) that all the French would perish. Cartier was not impressed and the Indians dropped their opposition,

but they would not accompany him to Hochelaga.

The French went as far as Lake St. Peter in the Emerillon the smallest of their three ships. Switching to longboats, they reached Hochelaga on October 2, 1535 and were met by 1,000 friendly Indians. They spent the weekend visiting the village, which is now bounded by the four streets, Metcalfe, Mansfield, Burnside and Sherbrooke, just below McGill University.

During the visit, the French observed the Hochelaga Indians' customs and surveyed

the country from the top of Mount Royal. From this viewpoint, Cartier could see the course of the St. Lawrence, and the Ottawa flowing into it from the northwest. The Hochelaga Indian chief who was accompanying him, fingered Cartier's gilded copper dagger handle and the silver chain of the whistle around his neck, and indicated that materials like these could be found in the country up the Ottawa River. This information recorded in Cartier's journals, is the earliest known mention of Canada's mineral wealth.

**THE WESTERN REVIEW**

PHONE 542-3425 - DRAYTON VALLEY

reported in 1964 were in children under five years of age. Aspirin products alone were responsible for 29% of all poisonings in children of this age. The Journal commented that although the poisonings are usually described as an accident, the "accident" is the result of adults allowing the drug to be available. The reduction of this type of poisoning can only be achieved by a long range educational program designed to sharpen the safety conscience of adults.

The Committee made several recommendations which they felt would help reduce the incidence of aspirin poisoning.

That only 1 1/4 grain dosage strength of acetylsalicylic acid be designated as "Children's Size" and that the quantity in any individual retail package be limited to 24 doses.

That the labels of packages of aspirin preparations contain a legible, conspicuous warning.

That a "child-proof" or "child-resistant" closure be required on all retail packages except on small containers.

That educational programs of a continuing nature be undertaken to caution the public without creating unnecessary fear of the drug or doubts relative to its value when used properly.

That a warning statement or message be part of every piece of advertising presented in all public media.

## Beauty at Lake Louise

Lake Louise, located at an elevation of 5675 feet and dominated by the majestic Victoria Glacier, is one of the scenic wonders of the world and each year attracts hundreds of talented students who go to hotels in the Canadian Rockies for summer employment. Students this year included Toronto ballerina Wauneen Thompson, left, and concert soprano Brenda Chenier, of Timmins, Ontario. Outside the Chateau Lake Louise, in an off duty hour the camera caught both girls reading under the rays of a dazzling sun, a practise deplored by eye care experts. Researchers for the Murine company warn that even dark glasses aren't sufficient protection and three words should be applied: Don't Do It!
